Informational Booklets (2) of Activities for Parents to do at Home with Their Children to Support Math and Science 20 points each, Total points = 40

Using the California Preschool Foundations, Volume 1 (Math) and DRAFT Volume 3 (Science) and California Preschool Framework, Volume 1, and NAEYC Position statement, 2002, create a 6-8 page Take-Home Informational booklet of activities, one for science and one for math, parents can do at home with their 3-5 year old children that support understanding of math and science concepts.

Include pictures and/or rebus book examples to make your booklet parent friendly. Necessary materials needed to complete the activities must either be found at home or sent home from school. Possible book formats will be discussed in class.

Format for Booklets

A. Title - Page

B. Background information for parents regarding the importance of math and science

C. Four separate activities in each booklet

D. Suggested Literature books for follow-up

E. Community Resources for parents (online as well as local organizations)
