**Rubric**

**Goal & Objective**  
**Weight** 30.00%  
**Criteria** | **Unacceptable** | **Partial** | **Acceptable** | **Proficient**  
--- | --- | --- | --- | ---  
25 % | Area of practice goal is missing, unclear, and/or does not identify what the goal was. Not based on NAEYC & California Foundations documents or discussions with or suggestions of University supervisor. | 50 % | Area of practice goal is partially identified. Appears to be based on NAEYC & California Foundations documents. Discussions with or suggestions of University supervisor appear to have been disregarded. | 75 % | Area of practice goal is somewhat clear and based on NAEYC & California Foundations documents and discussions with or suggestions of University supervisor. | 100 % | Area of practice goal is clearly stated and based on NAEYC & California Foundations documents and discussions with or suggestions of University supervisor.  

**Resources & Materials**  
**Weight** 25.00%  
**Criteria** | **Unacceptable** | **Partial** | **Acceptable** | **Proficient**  
--- | --- | --- | --- | ---  
25 % | List of resources and materials needed is missing. Materials are not in alignment with practice goal objective. | 50 % | Some resources and materials are identified, but listing is incomplete. Materials are somewhat in alignment with practice goal objective. | 75 % | Partial listing of resources and materials used is provided. Materials are in alignment with practice goal objective. | 100 % | Complete listing of resources used is included. Materials are in alignment with practice goal growth objective.  

**Reflection & Evidence**  
**Weight** 40.00%  
**Criteria** | **Unacceptable** | **Partial** | **Acceptable** | **Proficient**  
--- | --- | --- | --- | ---  
25 % | Self-reflection is missing and does not provide insights on what went well, what still needs work, and what might be done differently. Evidence is missing. | 50 % | Self-reflection is superficial and lacks specificity in what went well, what still needs work, and what might be done differently. Some evidence is present. | 75 % | Most of the self-reflection is thoughtful. Some insight is provided as to what went well, what still needs work, and what might need to be done differently. Evidence is | 100 % | Self-reflection is thoughtful and provides insight as to what could be problematic, what still needs work. Evidence is present and results are stated.
